CANDIDATES FOR COUNTY AND DISTRICT OFFICES LINING UP

Today the First For Securing Signatures To Nominating Petitions

INTEREST IN RECORDERSHIP

Sutherland May Anounce For Third Term and Others Have Hats in Ring—Assembly Candidates Being Mentioned.

The county commisioners' office has received from Harrisburg blank forms ofpetitions for the use of those who expect to be candidates for the nominations for the various offices to be filled at the primaries on May 16. Today, Friday, February 18, is the first day under the Act of Assembly, when petitions can be signed. Each party is required to name a candidate for congress in the 24th district, of which Washington county is a part, and three members of the legislature. National, state and precinct committeemen are also to be elected by each party.

There have been but few formal announcements of candidates for any of the offices of any party so far. Candidates for National Delegate in both the Republican and Democratic parties announced weeks ago and Congressman H .W. Temple has publicly stated that he would again seek the Republican nomination for Congress for the full term of two years, he having been elected last fall for the unexpired term of the late William M. Brown of New Castle. It is generally believed that he wil not have any opposition in the Republican party for a renomination.

So far there have been no public announcements on the part of candidates for assembly, although it is believed that G. P. Baker of Washington, will ask for a renomination for a second term. J. W. Aber, Washington agent of the Pennsylvania Railroad company, has been sounding public sentiment as a prospective candidate and it is said that John B. Holland, of Cecil township (Uncle Banks) who served two terms in the legislature, would like to go back to Harrisburg again. Friends of T. B. H. Brownlee who has served two years in the legislature, having first been elected on the Progressive ticket in 1912 and reelected in 1914 are urging him to enter the Republican primaries, but he has not yet made any decision in the matter. Dr. J. A. Sprowls of Donora, who was the Republican nominee two years ago but defeated at the fall election, has also been spoken of as a possible candidate. Within the last few days others have been mentioned in connection with this office, among them being Attorney R. M. Allison, who was the nominee in 1912, but defeated at the election; Former Sheriff R. G. Lutton, Former Treasurer S. M. Downer of Monongahela, Walter Weaver and Former Assemblyman Frank Craven, both of California.

From the talk among those active in politics there seems to be more interest being taken just now in the nominations for county recorder and county controller to be made in 1917 than there is for the legislative honors. Word from Monongahela says that Charles A. Bentley has already thrown his hat in the ring as a candidate for recorder to succeed J. C. Sutherland who is serving his second

REWARD FOR CAPTURE OF NEGRO IS DIVIDED IN WESTMORELAND

Chief of Police Frum of Irwin Receives $100—Woman Who Did Telephoning Gets $75.

The commissioners of Westmoreland county have divided the reward of $500 offered for the capture of Charles Douglass, the Monessen murderer, who escaped from the Greensburg jail about three weeks ago. Douglass was captured near Irwin by Chief of Police Frum of that town after information had been received as to the escaped prisoner's whereabouts. The commissioners divided the money as follows: Officer Frum, $400; Mrs. John Painter, who telephoned the officers that the negro murdered had called at their home, $75; David Painter, who also gave information, $25. Burgess Steiner who accoompanied Chief Frum when Douglass was arrested, did not claim any reward. Checks for the various amounts were mailed from the commissioners' office this week.

FIREMEN'S PLAY MAKES BIG HIT

Second Night of "What Happened to Jones" Attracts Large Audience

CAST DOES UNUSUALLY WELL

Probably on the whole just a little better presented throughout than on the previous night the second production of "What Happened to Jones" as a benefit for the Charleroi fire department was presented to another good-sized crowd at the high school auditorium Thursday night. The seats were mostly filled and the audience almost laughed itself into hysterics at the complexities of the rich situations into which the inimitable Jones found himself placed and at the easy manner in which he, a shockproof hymn book agent, escaped.

The entire cast on the second night's performance did exceedingly well. There were leaders of course as on the first night, but in the unraveling of the whole comedy each person assumed his or her part as though specially adapted to it. Among those who might be considered deserving of special mention is Mrs. Willis J. McCook, who in the role of Alvina Starlight a bachelor lady, made a big hit. However the statement that every member of the cast did exceptionally well for home talent players goes.

The high school orchestra, a musical organization of which the town is proud played for both Wednesday and Thursday performances. They were quite liberal in their offerings and willingly entertained with all they had. Prof. I. T. Daniel, music supervisor in the schools is the director of the orchestra.

Specialties between acts Thursday were if anything superior in the fine points than the same ones on Wednesday. James Oates gave his character impersonation of Charley Chaplin to the delight of his audience and Louis D'Augostino with his mandolin solos pleased immensely. Between the second and third acts Chester C. Humphries, tenor soloist, contributed two numbers which formed one of the most attractive parts of the evening's program. He was in splendid voice and sang at his best to an appreciative audience.

The firemen's play was a decided success. However there has been no strict accounting yet to ascertain just how much w as realized by the effort. James S. Russell directed the play and to him goes a large share of the credit for its success. The committee of firemen in charge which worked unceasingly consisted of John Schlotter, C. H. Christner, J. H. Sharp and Carl McGuire.

MEDICAL STUDENT AT WORK IN MINE KILLED

Frank Wilson of California, Lately of West Virginia, Thrown From Train Under Wheels Where His Body is Badly Mangled

When he was knocked from his train in the mine of the Lilley Coal and Coke company near West Brownsville, Frank Wilson a young married man of about 27 years of California was run over and instantly killed his body being much mangled.

Details of the accident are unknown. It is supposed that Wilson was knocked from his position on the train by a post and fell under the wheels. When picked up life was extinct.

Not long ago Wilson came from West Virginia, where he had been a medical student. His wife followed him two months ago and they took up their residence in California. They had been married but a comparatively short time. Coroner James T. Heffran was notified of the accident.

ALLENPORT BASKETBALL TEAM DEFENDS REFEREE

To the Sporting Editor of the Mail:

The Charleroi team of the Monongahela Valley Basketbal team forfeited their game to Allenport O. U. A. M. Wednesday evening when they refused to finish the game, disagreeing on a decision made by the referee, which appeared to be just to the majority of the fans.

The large crowd had looked forward to a hot game, each team having won two games previously and it was a bitter disappointment when the Charleroi team refused to finish the game, which they should have done, playing it under protest. The Allenport team still leads the league in a race which is getting hotter as the season progresses. It seems unjust on Charleroi's part to claim the game when only 14½ minutes had been played and they refused to continue playing.

KANSAS CITY LAWYER ASSAILS MORMONISM

Vernon J. Danielson Speaks on "The Mormon Kingdom" at Meeting Here As Representative of National Reform Association.

To expose the so-called moral and political wrongs of the Mormons, Vernon J. Danielson, an attorney of Kansas City and a former elder of the church addressed a large audience at the Washington Avenue Presbyterian church Thursday evening on the subject, "The Mormon Kingdom." Rev. C. P. Bastian, pastor of Christ Lutheran church presided.

Mr. Danielson gave statistics of the work of the church and its activities, as a speaker of the National Reform Association. His address here represented an effort that is nation wide to secure an amendment to the constitution to prevent poligamy and to right alleged political wrongs. He accused the church of near treason against the government.

Mr. Danielson said that in this vicinity there are 150 missionaries working, including 25 girls. About one half he said go about as disinterested persons who have visited in Utah and come back to tell their story. He quoted oaths which most if not all Mormons are purported to take in supporting their church and advancing the cause of poligamy. He said that the church is not a "spiritual kingdom" but a "temporal kingdom." The Mormans, he said own 47 sugar factories in the west, the Oregon Short Line railroad, two breweries and a part of the Los Angeles Salt Lake Route. He mentioned that Joseph F. Smith an apostle of the church is vice president of the Union Pacific and that the Mormons have $29,000,000 in Wall street. Mormons he said are required to give 10 per cent of their earnings into the custody of Apostle Joseph F. Smith for the church. At a recent accounting $14,000,000 was in the tithing fund. The membership in the United States according to Mr. Danielson is 1,500,000.

MARKER AND BENDER MATCHED FOR LIVE BIRD SHOOT--MAYBE

Crack Marksmen Supposed to Meet At Exposition Park in Pittsburg But Humane Society Objects.

George Marker of Brownsville, champion live bird shot of Western Pennsylvania and Chief Bender, famous baseball pitcher and crack shot have been matched for a live bird shoot at Exposition park in Pittsburg tomorrow afternoon, but now it appears doubtful if the shoot will be held. This is due to the fact that the Allegheny County Humane Society has started a movement to prohibit the match at live birds. The society maintains that by a shoot at live birds an act of inhumanity is committed and says that arrests will follow any attempt to pull off the match.

Bender and Marker had a live bird shoot some months ago in Charleroi that Marker won.

PRESENT PLAY AS FIRE IS FOUGHT

Local Firemen Show Themselves to be Versatile Performers Last Evening

BLAZE AT IMPERIAL PLANT

Just as they were preparing for the presentation of their second night's production of "What Happened to Jones" the Fire Department was called out Thursday evening by a fire from a damaged tank at the Imperial Glass company's factory at Tenth street. With Chauffer Henry Lowstuter, one of the principals in the cast of the show driving the motor truck a hurried trip was made to the plant. A number of firemen had to be left there to guard against danger from fire until glass cooled down, and others with important work to do at the high school auditorium where the home talent play was being staged, were excused. The play was put on as intended without a halt or break and the fire fighting went on uninterruptedly.

The tank damaged was the large one. Workmen had been engaged in "running it off" when the break occurred. Molten glass streamed out until a fire of dangerous proportions was feared. Then the alarm was turned in.

Actually there was very little damage done, the firemen being on hand to prevent any trouble. Yet the tank will have to be rebuilt and the large tank will be closed down for two or three weeks until the repairs are made. The suspension reduces the capacity about one-half.

At St. Mary's Episcopal church Thursday evening Rev. Thomas B. Barlow, conducting a week's mission, spoke on "The Turning From and Acknowledgment of Sin." The instruction following the sermon was on the theme "Reconciliation With the Father." There was a good attendance and a good manifestation of interest.

This morning Rev. Barlow conducted a service at 10 o'clock. This afternoon at 4 he will have a children's meeting and this evening he will preach on "The Forgiveness of Sin by a Loving Father." Sunday evening will end the week of missions here.

RAILROAD REGULATION.

The statement is made in railroad circles that railroad regulation has stopped railroad development. This is true in a limited sense. There is less railroad construction than formerly, and especially are there fewer Connellsville Courier.

Railroad improvements continue, some of them on a large scale, but they are being made by successful railroads like the ePnnsylvania, which having spent millions for New York's subway terminals announces that it will spend more millions for a New York hotel in connection with its magnificent New York pasenger station. The Baltimore & Ohio announces that it will spend something less than a million in building new lines in Somerset county to develop new coal fields. These are instances of improvement. But we do not hear of any important new railroads being chartered, nor of any speculative extensions of old lines.

In the larger and truer sense the introductory statement is cirrect and it is high time to loose the stranglehold of popular government on the throat of the nation's great transportation service and let it breathe freely or at least naturally once more. This is a matter which interests the whole country in a greater degree than is generally imagined. The number of people dependent upon the railroads is amazing.

The railroads once ruled with a rod of iron, but they have had their lesson, and it has been a severe one. They are in some sense like the fabled goose that laid the golden eggs and as such it is not wise to choke them to death, certainly not for the purpose of gratifying a mere sentiment against large combinations of capital. The bigger the railroad's capital the more useful the railroad usually is to the public.

What might have happened to Jones in that play at the high school auditorium Wednesday night as a benefit for the Fire Department wasn't a circumstance to what might have happened to several Charleroi properties since 1902 had it not been for this self-same Fire Department that we are now assisting. Jones was a victim of misunderstandings that it took artists to unravel and these properties of which we speak would have been costly sacrifices had it not been for intelligent, concerted action of an organized, incorporated crew of fire fighters. Thirty-six alarms were sounded last year and the total fire loss in the borough was $6,525.84. Had it not been for the fire fighting system this slight loss for the total of 36 fires would have been stretched close to $36,000 or perhaps would have been infinitely more. It's fully worth while having a good fire department and its fully worth while helping one when you do have it.

MORE STRENGTH FOR FEEBLE OLD PEOPLE

If all the old people in Charleroi realized what Vinol will do for them, we would not be able to get enough of it to supply the demand. We quote from a recent letter received from Mrs. A. E. Carson of Kingston, N. Y.

She says:—"I am 69 years of age, and had been ailing for a long time with indigestion. I got run-down, was weak, dizzy and could not sleep at night. I consulted two doctors who said I had hardening of the arteries and at my age could not expect to be strong again. My daughter would give me no peace until I tried Vinol, as it had done so much for her. I have taken five bottles and my health and strength have come back, so I am able to do all the housework for my family of four and I am recommending Vinol to all my friends."

The reason Vinol is so beneficial to old people is because it contains the very elements needed to replace declining strength with renewed vigor, viz: the medicinal elements of fresh cod livers without oil, peptonate of iron, beef peptone, and a mild tonic wine. **Pipers Drug Store.**

GOOD ATTENDANCE AT ST. MARY'S EPISCOPAL CHURCH SERVICES

Notwithstanding the several worthy attractions in Charleroi Thursday evening a fair sized congregation assembled to hear Rev. S. G. Noble in the First Presbyterian church. A special feature of the song service was a male quartet, "We are a Band of Christians." The evangelist gave a heart searching message from "The Choice of Moses." He pictured graphically Moses sacrifice of a position of honor, luxury and ease for the life of privation and hardship with a people in bondage and how this choice brought the highest spiritual reward—Moses met God and talked with him on Mount Sinai and had the further privilege of coming back from the eternal world to be present at the Transfiguration of Christ. Rev. Noble declared every man must choose for himself and urged men and women to forsake entirely the pleasures of sin and cast their lot whole-heartedly with the people of God.

The meetings will be brought to a close tonight. Rev. Noble's last message will be on a present day theme of live interest.

ANOTHER BIG MATCH AT CHARLEROI RINK TOMORROW

Red Robinson the Pittsburg boxer and Steve Pendro the aggressive Braddock comer are hard at work preparing for their bout at the Charleroi skating rink tomorrow. A match of unusual interest is anticipated in this meet. Robinson is a fighter who is known and admired for his ability throughout the Pittsburg district. Pendro is not known here well, but he is strongly recommended hence fans expect to see a man in action who knows well his business. The bout between Eddie Nevil of Donora and William Scott of Wilkinsburg will furnish lots of excitement. Both men are in good form for the fray. Ray Gardner of Pittsburg and Simon Roscoe of Donora will fight the second match and George Batton of Fayette City and Elmer Cashman of Finleyville will meet in the opener.

TANLAC STORIES FROM PITTSBURG REALLY AMAZING

Harry Sellars, Well-Known Railroad Man, Praises Remedy Highly.

Tanlac, the celebrated new preparation that is now being introduced for the first time here, is the most successful proprietary medicine ever before distributed in America. In thirty states of the Union, millions of residents are now taking the master medicine and expressing an abiding faith in its remarkable powers over stomach, liver, kidney and catharrhal affections.

The astonishing success of Tanlac in Pittsburg, where it is making the record-breaking sales of more than 1,000 bottles a week, is a striking example of the enormous demand for the premier preparation. Pittsburg, too, is known the world over for its conservative citizens and only unusual merit can bring forth such high approval from her residents.

The stories of Tanlac's success in Pittsburg are amazing. Scores of merchants, bankers, profesional men, manufacturers and the highest class of mechanics and laborers, as well as innumerable women, have come forward to recommend Tanlac for what it has done for them.

Harry C. Sellars, who has been train caller at the Pennsylvania railroad station in Pittsburg for twenty-five years and who is known to almost every man, woman and child in Western Pennsylvania says:

"I have suffered for the past 10 years with stomach trouble. At times it was so painful that I could hardly stand it.

"I declared to try Tanlac and I must now say that Tanlac has certainly surprised me. The soreness has all gone out of my stomach. I now enjoy my meals and feel fine. I am going to continue taking Tanlac, as I feel sure that I have at last, found what I need to cure me completely and permanently. I can sincerely recommend Tanlac and I hope all my friends who are now suffering as I was, will give it a trial, for I believe it will help them too."

Tanlac, the "Master Medicine," referred to, is now sold here by Piper Bros. where it can now be had.

FOR BRONCHITIS, SEVERE COUGHS COLDS AND WHOOPING COUGH

Make the Best Medicine at Home—128 Teaspoonsful for 50 Cents

Money spent for the old style ready-made medicine usually sold in bottles holding only 2 to 2½ ounces (16 to 20 teaspoonsful) is largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it were all medicine. Stop wasting this money. You can make a better remedy for bronchial affections at home at one-fifth the cost. Merely go to Piper's pharmacy and ask for 2 ounces (50c worth) of Schiffman's New Concentrated Expectorant, which they guarantee will give perfect satisfaction or money will be refunded. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (128 teaspoonsful.) This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold, Bronchial Asthma, Bronchitis, Croup, Hoarseness and Whooping Cough. One bottle will make enough home-made medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take. It is unlike any other medicine, and positively contains no chloroform, opium, morphine or other narcotics, as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. term in that office. It is also well known that August Valentour of McDonald has for some time been fixing up fences for the same office. John H. Bowers of Charleroi is also said to be ready to go into the contest and other names have been mentioned in connection with this office. It is also said that the present recorder J. C. Sutherland is making efforts to round up support for himself for a third term, following the precedent set by Thomas Hill in securing a nomination for a third term for county commissioner.

The present controlier T. J. Underwood who was one of the defeated candidates for the Republican nomination for Sheriff last year, has informed his friends that he will seek another term as controller.

For Republican state committeeman Attorney D. M. McCloskey of Charleroi is announced and Joseph A. Herron of Monongahela is the only Washington county man seeking election as national delegate to the Republican convention.

Within the past few days many of those prominent in politics have been receiving letters from former Speaker Charles E. Ambler of Montgomery county soliciting support for the Republican nomination for auditor general. Mr. Ambler was brought out by the Brumbaugh-Vare combination in state politics and is being opposed by Senator Charles Snyder of Schuylkill county, who has been visiting among the political leaders of Western Pennsylvania within the past few days. While there are likely to be many candidates in the field this spring for the various offices to be filled most of the politicians believe that there will not be any line-up here between the Vare and Penrose factions in state politics, even if war is declared by one side or the other.

Lung Trouble Yielded to This Medicine

If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alterative, a remedy which has caused many recoveries. One follows:—

5323 Girard Ave., Phila., Pa.

"Gentlemen:—In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of awful-looking stuff, and later I had many hemorrhages, at one time three in three successive days. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alterative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well." (Abbreviated.)

(Affidavit) ANNIE F. LOUGHRAN.

Eckman's Alterative is most efficacious in bronchial catarrh and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitute. Small size, $1; regular size, $2. Sold by leading druggists. Write for booklet of recoveries.
